Refreshed Geocoder for CRA Pricing Incentive

SunTrust Bank (SunTrust) updates the Geocoder with revised census tract and income limit information.

Effective Dates

Effective January 2, 2019

Background Information

To be eligible for our Community Reinvestment Act (CRA) pricing incentive, Correspondent Lenders use our SunTrust Geocoder to determine property eligibility and any applicable income limit for the property location. The Geocoder now includes refreshed income limits and census tract information.

The CRA pricing incentive encourages home financing in certain low-to-moderate income areas and for low-to-moderate income individuals and families. At the same time, the CRA pricing incentive contributes to SunTrust's Community Reinvestment Act (CRA) lending goals.
